In the article by Arnold et al, which appeared in the July 2011 issue of the journal (Circulation: Cardiovascular Quality and Outcomes. 2011;4:467–476), there was an error with a table.

In Table 4, the numbers for 2 rows were reversed.

For the columns “All,” “White,” and “Nonwhite,” the corresponding values should read as follows for each characteristic:
Smoking cessation counseling: 75%; 80%; 66%
β-blocker at discharge: 93%; 95%; 90%

This correction has been made to the current online version of the article, which is available at: http://circoutcomes.ahajournals.org/content/4/4/467.full.pdf+html.

The authors regret the error.
