In the article by Izadnegahdar et al, “Sex and Ethnic Differences in Outcomes of Acute Coronary Syndrome and Stable Angina Patients With Obstructive Coronary Artery Disease” which appeared in the journal’s Women and Heart Disease Special Supplement (Circ Cardiovasc Qual Outcomes. 2016;9:S26-S35 DOI: 10.1161/CIRCOUTCOMES.115.002483), a correction was needed.

One page S27, the following sentence was incorrect: “The patients’ surnames, obtained from the CSBC registry, were merged with the Nam Pehchan (South Asian) and the Quan’s (Chinese) surname Algorithms.”

The sentence should have read: “Ethnicity was assigned by CSBC using the Nam Pechan (South Asian) and Quan’s List (Chinese) surname analysis programs, after which the dataset was stripped of all patient identifiers and sent to the research team.”

This correction has been made to the final version of the article, which is available at http://circoutcomes.ahajournals.org/content/9/2_suppl_1/S26.

The authors regret this error.
