In the article by Melloni et al, “Conflicting Results Between Randomized Trials and Observational Studies on the Impact of Proton Pump Inhibitors on Cardiovascular Events When Coadministered With Dual Antiplatelet Therapy: Systematic Review,” which initially published online January 13, 2015 and which appeared in the January 2015 issue of the journal (*Circ Cardiovasc Qual Outcomes*. 2015;8:47–55. doi: 10.1161/CIRCOUTCOMES.114.001177), a correction to the Disclosures section is needed; additional funding needed to be reported.

The original text read:

“Dr Jones reports research grants to the Duke Clinical Research Institute from the American Heart Association, AstraZeneca and Bristol-Myers Squibb, and consultant/honoraria from the American Physician Institute and the American College of Physicians. The other authors report no conflicts.”

It should read:

“Dr Jones reports research grants to the Duke Clinical Research Institute from the American Heart Association, AstraZeneca and Bristol-Myers Squibb, and consultant/honoraria from the American Physician Institute and the American College of Physicians. Dr Mayer reports grant funding from NIH T32 grant (NIH 5T32DK007012 Endocrinology and Metabolism Research Training Program).”

The correction has been made to the final version of the article, which is available at [http://circoutcomes.ahajournals.org/content/8/1/47](http://circoutcomes.ahajournals.org/content/8/1/47).

The authors regret the error.
